

Your input is important to the future of the Church.

In 2008 as a congregation we created a SWOT analysis. SWOT is an acronym for Strengths, Weaknesses, Opportunities and Threats.

Below is the outcome of the 2008 analysis. Based on the feedback we received from you, ranking was based on “H” – High, “M” – Medium, and “L” Low. These were the “top items” ranked in order of importance.

It is 5 years later, and we would ask that you review the SWOT rankings and provide feedback again.

The column labeled “Your Rating Today” is for you to re-rank the items that were listed in 2008.

A column is provided for any comments you might want to make on each item. This will be reviewed and will be very helpful.

Open spaces are provided for any other items you might like to add to any one of the four areas if you feel there are new priorities for the Church to consider.

Your feedback is important as we continue our mission of Sharing God’s Love.

Return this form with your input to the Church office by **Sunday, June 30th**. Forms can also be printed from the church website at www.peacelc.org.

Thank you for your participation!
